Rideshare

Telework

Vanpool

Walk

### ATTENTION EMPLOYEES:

We have already done the math and it's cheaper and cleaner to **“Ride the Bus”** to work! Currently, gasoline averages \$4.00 per gallon. A weekly fill-up for a 13-gallon tank is \$52 and climbs to a staggering \$208 by the end of the month.

A Metro bus pass costs \$75 a month. Do the math for yourself! And you will see the financial benefits of **“Riding the Bus”** to work.

Do you live outside of the County of Los Angeles? No problem! The Antelope Valley Transit Authority provides service into Los Angeles and the Civic Center.

Omnitrans and Foothill Transit make it possible for San Bernardino County residents, who commute to Los Angeles, to **“Ride the Bus”** to work.

Orange County Transportation Authority has 77 different routes and many of them go beyond the O.C. The Riverside Transit Agency offers bus service to its Downtown Metrolink Station. In short, you **CAN** **“Ride the Bus”** to work.

After all,

**Clean Air is  
Everybody's Business!!**
